1. This is guaranteed as long as your premium is paid on time. Your premium rate is subject to change if a rate adjustment to all policyholders in the same plan, rate class, and state as yours is issued. Your premium will also increase with your age at the time of your renewal date.

2. Tobacco use will not be a deciding factor for preferred rates if the policyholder is in the open enrollment or guaranteed issue period.

3. Both the applicant and the other household member must obtain Medicare Supplement coverage with us in order for the discount to apply. The household discount will continue as long as coverage for both policies remains in force.

4. Plans C and D are available for qualified applicants aged 50-64 who are eligible for Medicare by reason of disability.
5. Plans F and G also have a high-deductible option that requires first paying a plan deductible before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High-deductible Plan G does not cover the Medicare Part B deductible. However, High-deductible Plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

6. Only applicants first eligible for Medicare before Jan. 1, 2020, may purchase Plan C, F, and High-deductible F.

7. Up to \$20 copayment for some office visits and up to \$50 copayment for an emergency room visit that does not result in an inpatient admission.

8. Plan pays a percentage of this benefit.
