Medicare Supplement insurance

HEALTH COVERAGE YOUR CLIENTS CAN COUNT ON

While Medicare Supplement insurance plans are standardized, your customers still have a choice when it comes to cost and the company standing behind the policy. With a strong portfolio of Medicare Supplement plans and a long history of serving the senior market, Wellabe has the right solutions to meet your customers' needs. In addition to lowering out-of-pocket costs, a Medicare Supplement insurance plan will give your customers the benefit of plan choices, protection when they travel, guaranteed coverage for life, no pre-existing condition waiting period, 30-day right to return, household discount, and the freedom to select a doctor or hospital that accepts Medicare.

- Plans F and G also have a high-deductible option that requires first paying a plan deductible before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High-deductible Plan G does not cover the Medicare Part B deductible. However, High-deductible Plans F and G count payments of the Medicare Part B deductible toward meeting the plan deductible.
- Only applicants first eligible for Medicare before Jan. 1, 2020, may purchase Plan F and High-deductible Plan F.
- Up to \$20 copayment for some office visits and up to \$50 copayment for an emergency room visit that does not result in an inpatient admission.
- Plan pays a percentage of this benefit.

AN OPTIONAL DENTAL RIDER

In some states, clients can opt to add an optional Dental rider to their Medicare Supplement plan.

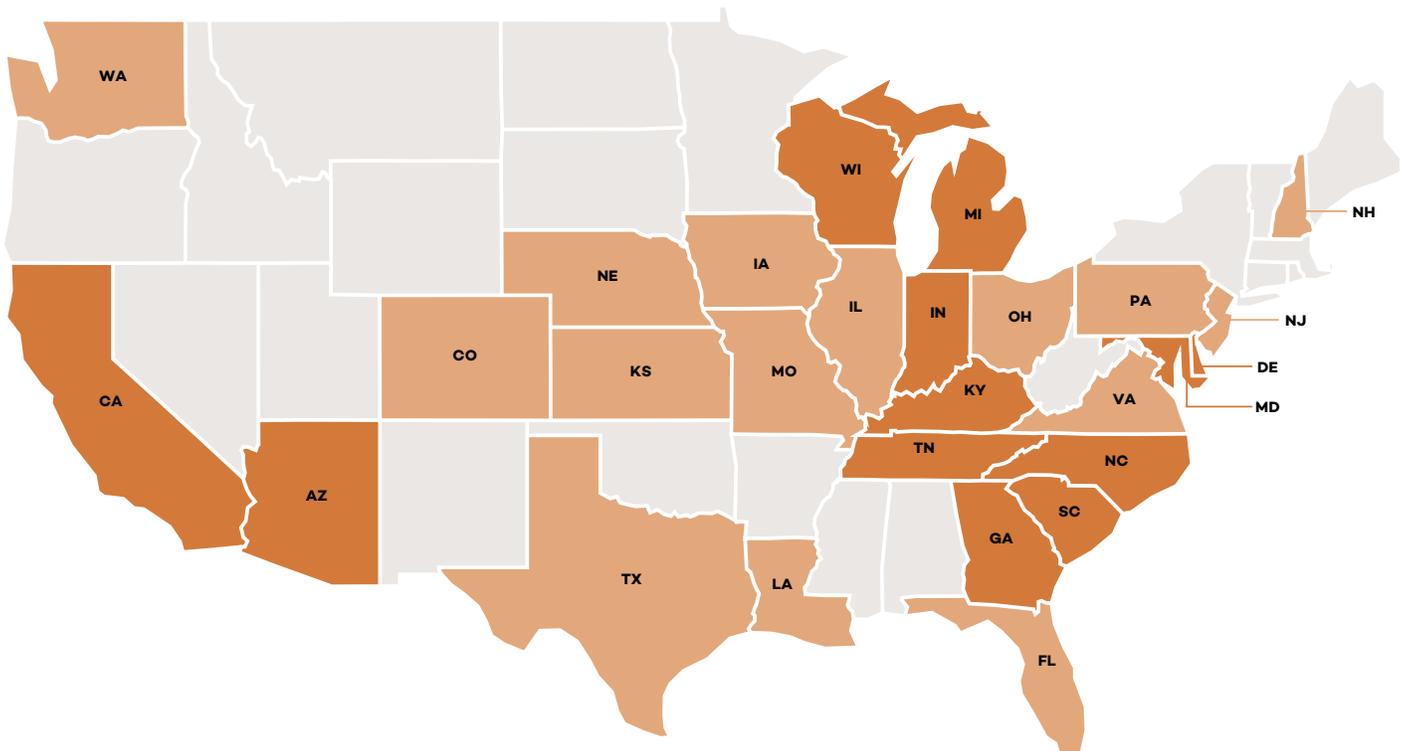

- **First calendar year:** Clients receive the \$150 benefit amount for one office visit when they receive dental services.
- **Second calendar year:** Clients receive the \$150 benefit amount for up to two office visits when they receive dental services.
- **Third calendar year and later:** Clients receive the \$150 benefit amount for up to three office visits when they receive dental services.

Dental insurance

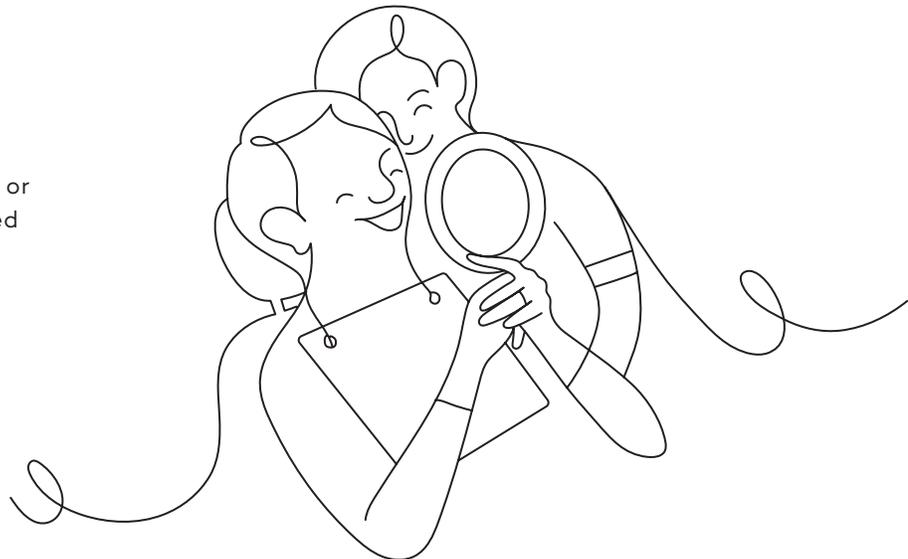

PROTECT YOUR CLIENTS' WELL-BEING AND THEIR SMILE

A healthy smile is a sign of well-being. Regular visits to a dentist are essential to prevent problems before they become painful and expensive. With Wellabe's Gold and Platinum Dental plans, your clients have the freedom to use any provider. Additional savings may occur if they use an in-network dental provider for services, such as exams, cleanings, dentures, and root canals. Visit wellabe.com/dental to see if a provider is in our network.

Plan benefits	Gold \$1,000	Gold \$1,500	Platinum \$1,000	Platinum \$1,500
Calendar year maximum	\$1,000	\$1,500	\$1,000	\$1,500

Preventive services (NWP) Evaluations, cleaning, and X-rays	100%; \$0 deductible		100%; \$0 deductible	
We pay the following coinsurance percentages after the deductible:				
Basic services (NWP) Diagnostic X-rays, fillings, and nonsurgical extractions	50%		80%

Ways to save money

1. Add a spouse to the dental policy at time of application.
2. Include a 5% discount if either the applicant or spouse (if applicable) apply for and are issued a Medicare Supplement plan at the time of the dental plan or already have an existing Medicare Supplement or Final Expense plan with any of our companies.

OPTIONAL RIDER BENEFITS

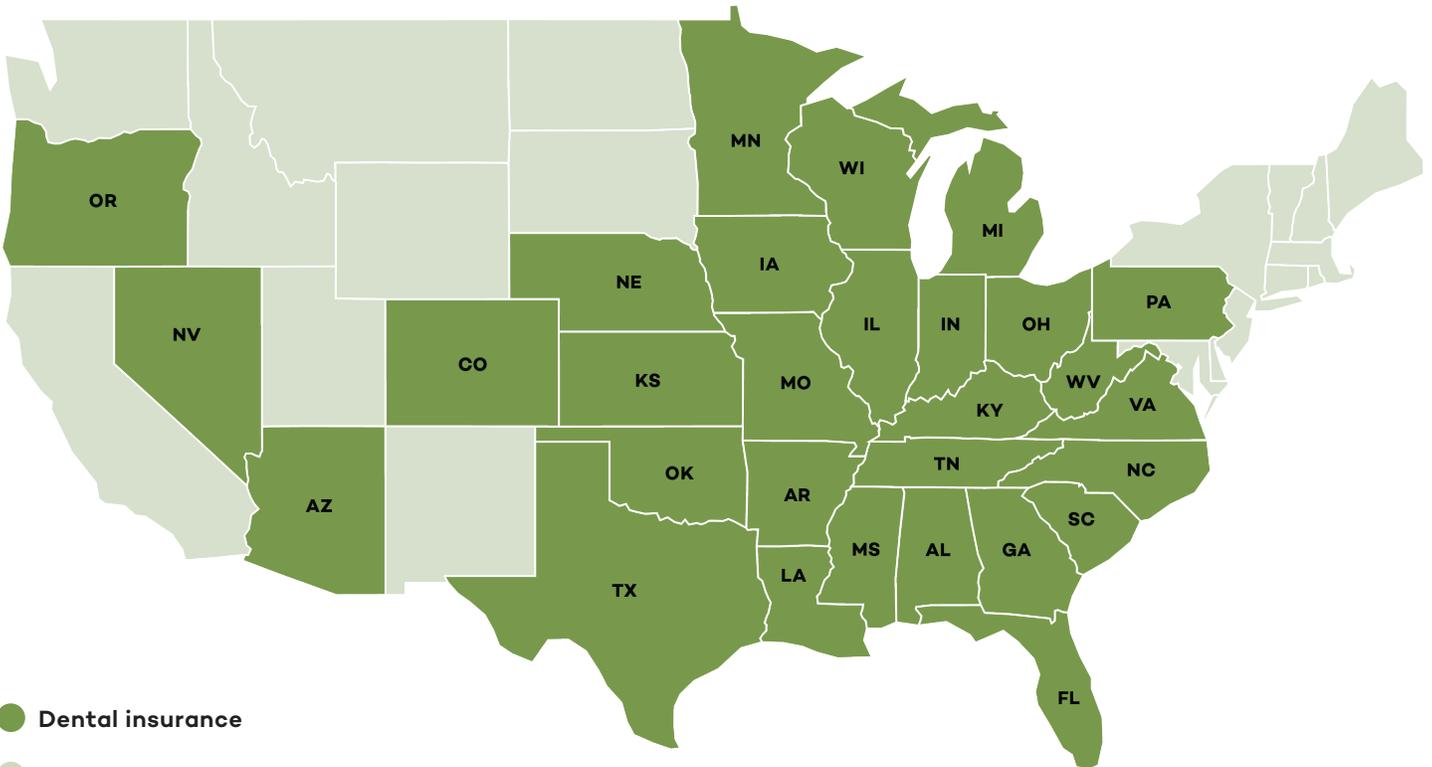

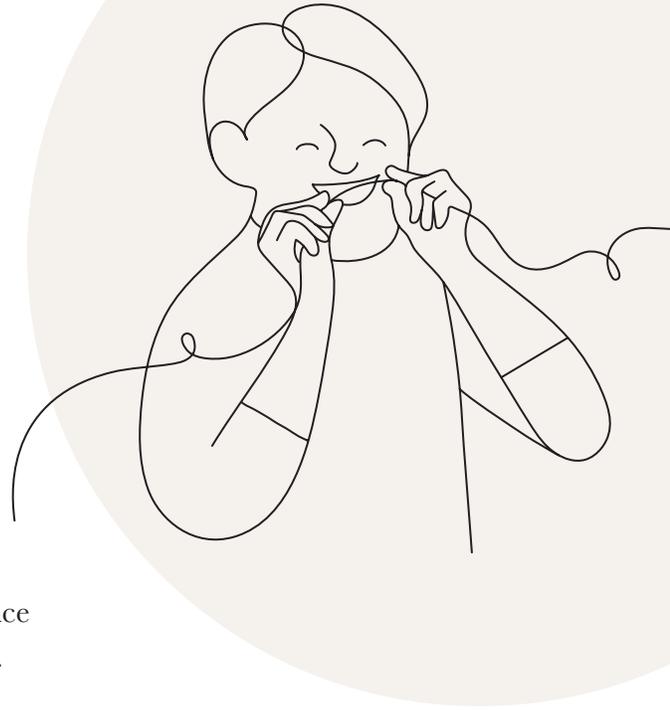

Choose one of two optional benefits for an additional fee at the time of application.

- **Buyup benefit**

Add \$1,000 of coverage (buyup) to maximize policy benefits. For example, the Gold \$1,000 plan plus \$1,000 buyup is \$2,000 of coverage. The buyup is available for both levels in each plan.

- **Carry-over benefit**

The carry-over benefit rider allows unused plan benefit to carry-over for use in the following year. The carry-over amount accumulates until it reaches a max of \$3,000. For example, if the Gold \$1,000 plan has an unused benefit balance of \$500, the unused benefit can roll to the next calendar year.
