

Fill vision and hearing coverage gaps with Wellabe's partners

Wellabe has teamed up with two top-notch providers to fill vision and hearing insurance gaps and reduce your out-of-pocket costs. Wellabe's partnerships with VSP® Individual Vision Plans and Start Hearing® can provide full-service, affordable coverage that fits your needs.

VISION

VSP Individual Vision Plans offers high quality, low premium, full-service vision plans that are tailor-made for you. They offer two plan options — for you, one extra person, or your whole family — that put you in control of when and how you want to use benefits and ensure your unique prescription and materials are covered. Every plan comes with an annual WellVision Exam® that can help detect early signs of health conditions, like diabetes. You can enroll and use your benefits immediately. Over 41,000 network providers are available, and you can maximize your benefits when you visit a Premier Program location. You could see a typical annual savings of more than \$200.¹

HEARING

Start Hearing takes care of everything — with or without an insurance benefit or referral — from finding a provider and scheduling an appointment to placing a hearing aid order and ensuring a proper fit. You and your family can receive discounts up to 48% on the latest technology, including hearing aids and tinnitus options; one year of free office visits²; access to a nationwide network of 3,000+ hearing professionals; a three-year supply of free batteries³; free warranty plan, including repairs and loss and damage; and financing options. Best of all, the program is free, and you can try it risk-free for 60 days.
